DETAILED ACTION

Reissue Applications

1. The reissue oath/declaration filed with this application is defective (see 37 CFR 1.175 and MPEP § 1414) because of the following:

- The declaration is lacking a statement as to whether the inventor is a sole or joint inventor of the invention claimed as required by 37 CFR 1.63(a)(4).
- Although the Reissue declaration identifies inoperativeness of the invention by not claiming the embodiment recited in column 8, lines 1-9, of U.S. Patent #5,813,191; the oath is lacking a detailed description of what it is in this section that is the actual error (i.e. is it the use of the bead, the design of the outer legs, or a combination of the both) as required by 37 CFR 1.175(a)(1).

2. This reissue application was filed without the required offer to surrender the original patent or, if the original is lost or inaccessible, an affidavit or declaration to that effect. The original patent, or an affidavit or declaration as to loss or inaccessibility of the original patent, must be received before this reissue application can be allowed. See 37 CFR 1.178.

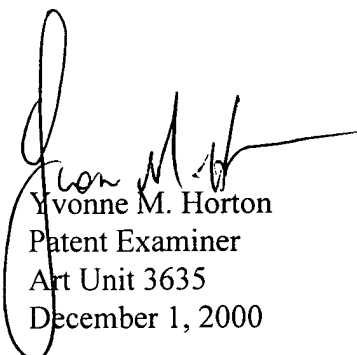

3. In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Art Unit: 3635

Claims 35-55 are rejected as being based upon a defective declaration under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Yvonne M. Horton whose telephone number is (703) 308-1909.
